

Awesome!

Fabulous!

Wonderful!

Wonderful! It was great to learn first hand what goes on in the management of these beautiful horses. I recommend to anyone to take this tour and put the money into the preservation of these great animals!

What a wonderful experience. If we ever get back, we will do it again. Great knowledge of the horse and their plight to survive.

We saw horses, birds and local terrain we would never have seen otherwise. A trip not to be missed by anyone who values our natural resources.
